SUMMARY

Full-stack MERN developer from the Trilogy Education boot camp at the University of Toronto.
A former finance process improvement consultant with a knack for understanding technical information and communicating it to others in a meaningful way. I am very passionate about whatever I do; testimony to this fact is my Github profle.
An excellent communicator and collaborator who works well in team-based projects and independently with strong interpersonal skills. A natural problem solver with a keen eye for aesthetics and presentation. An adaptive fast learner who passionately pursues challenges.
Able in Backend Server Development, Databases both NoSQL and SQL
